

# Mystic of the East

Van Morrison

Mystic of the east, mystic from the streets  
Mystic with no brief, back here on the street  
Mystic out of reach, can't find no reason to speak  
I just got in too deep for the mystic of the east

I was deep in the heart of down  
Deep in the heart of down  
Deep in the heart of down  
Deep in the heart

Mystic with no peace, back here in the east  
Fed up to the teeth, mystic of the east

I was deep in the heart of down  
Deep in the heart of down  
Deep in the heart of down  
Deep in the heart

Mystic out of reach, can't seem to find my brief  
Gone with the wild geese and I've had it up to the teeth  
Mystic of the east, back here on the streets  
Mystic with no brief, I can't find any reason to speak

Mystic of the east, east, east, east  
Back here on the street, back on the street  
Back on the street, mystic of the east  
Back here on the street, mystic of the east
