

# Ordinary Life

Van Morrison

Sinking fast, hold tight  
Just remember ordinary life  
More trouble, than it's worth  
Know it when you see the sign  
Nothing feels right, step out of line  
Just remember ordinary mind

Nagging wife, starts a fight  
Trying to make you uptight  
Workaholic, on your bike  
Take a look at it in the daylight  
Nothing feels right, step out of line  
Think ordinary mind

Ordinary life, be my rock in times of trouble  
Get me back on the earth  
Put my feet on the ground

Keep on pushing, make it useful  
Do what you've gotta do  
Keep on moving, keep on doing  
Combat ordinary strife  
Need a woman, be my friend  
Understand ordinary life

Ordinary life, be my rock in times of trouble  
Bring me down to earth  
Keep my feet on the ground

Keep on pushing, make it useful  
Do what you have to do  
Keep on working, keep on doing  
Combat ordinary strife  
Need a woman, be my friend  
Understand ordinary life.
