

# When The Leaves Come Falling Down

Van Morrison

1. I saw you standing with wind and the rain in your face  
And you were thinking 'bout the wisdom of the leaves and their grace  
When the leaves come falling down  
In september when the leaves come falling down

2. And at night the moon is shinning on a clear, cloudless sky  
And when the the evening shadows fall I'll be there by your side  
When the leaves come falling down  
In september when the leaves come fallong down

R1: Follow me down, follow me down, follow me down  
To the place beside the garden and the wall  
Follow me down, follow me down  
To the space before the twilight and the dawn

3. Oh the last time I saw Paris in the streets, in the rain  
And as I walk along the boulevards with you, once again  
And the leaves come falling down  
In September when the leaves come falling down

R2: Follow me down, follow me down, follow me down  
To the place between the garden and the wall  
Follow me down, follow me down  
To the space between the twilight and the dawn

4. And as I'm looking at the color of the leaves, in your hand  
As we're listening to Chet Baker on the beach, in the sand  
When the leaves come falling down  
Woe in September, when the leaves come fallig down  
Oh when the leaves come falling down  
Yeah in September when the leaves come falling down

When the leaves come falling down  
In September, when the leaves come falling down

When the leaves come falling down in September, in the rain  
When the leaves come falling down

When the leaves come falling down in September, in the rain  
When the leaves come falling down
