

A Sharp Knife

Van She

Ohhhh waitin on a sharp knife
it wont be to long if you hold it back
and ohhhh so you had a hard time
it was there for us to share
no one said its fair

with 2 before 7 and 9
its alright, its a sign
with 2 before 7 and 9
its alright, its a sign

ohhhh livin in a half life
come and go as they all know
it was just a show
and ohhh runnin to the start line
and don't you start when you get there
no one said its fair

You and me
(ohhhh so you had a hard time)
Always be there
You and me
(Ohhhh waitin on a sharp knife)

Always be there
You and me
(ohhhh so you had a hard time)
Always be there
You and me
(Ohhhh waitin on a sharp knife)
Always be there

ohhhh slippin us the sweet smile
and talk outloud and don't pretend
you are everything

and ohhhh so you thought we couldn't tell
that one is clear that two is near
maybe soon you'll be

You and me
(ohhhh so you had a hard time)
Always be there
You and me
(Ohhhh waitin on a sharp knife)

Always be there
You and me
(ohhhh so you had a hard time)
Always be there

You and me
(Ohhhh waitin on a sharp knife)
Always be there
