

## My Kind of Country

Van Zant

I like to speak my mind  
Say grace at supper time  
I?m just a dot on the map  
Ain?t scared to take a stand  
For this little piece of land  
Don?t make me take you out back  
Tattoos, sweet tea, NASCAR Sunday  
Hard hat, head back to work on Monday  
My kind of country  
Little League, bass boats and good clean fun  
That?s my kind of country  
Roots run deep as they come  
In my kind of country  
I?m from the old school  
Live by the golden rule  
Ain?t no strangers around here  
I like the simple life  
Sit a spell, have a bite  
Honey, get that man a beer  
Cornbread, collard greens, mama?s fried chicken  
Blue jeans, work boots, I'm still kicking  
My kind of country  
Football, four-wheeling, good clean fun  
That?s my kind of country  
Roots run deep as they come  
In my kind of country, yeah, that's my kind of country  
We got Johnny Cash, Back in Black, Southern rock ?n' roll  
.38, Skynyrd, turn up that radio  
My kind of country  
Camouflage, hunting dogs, good clean fun  
That?s my kind of country  
Roots run deep as they come  
My kind of country  
Backyard barbecue, get you some  
That?s my kind of country  
Roots run deep as they come  
In my kind of country  
Pick up trucks and dirt roads  
Ah, the fourth of July, salute the flag  
Yeah, my kind of country  
That, that, that?s my kind of country
