

# Right Side Up

Van Zant

It was a bad day in the mirror  
There I stood the livin' dead  
When I saw the face so familiar  
Hoverin' like a voice over my head  
It took me back to that October  
I was playing to the crowd  
I was suddenly stone cold sober  
When I heard a voice calling out loud  
He said...  
Boy you're headed down the road that leads nowhere  
There's only one direction you can turn, only love can take  
you there  
Right Side Up  
Feel it from the inside  
Hot side out  
When you're on the downslide  
Don't be afraid  
Of prayin to love  
Hot side out, or Right side up  
Well I ain't here to preach no sermon  
But for me it was the truth  
When the wind would crack and the thunder roared  
Lord I thought that I was bulletproof  
I was headed down the road to nowhere  
There's only one direction you can turn, only love can take  
you there  
Right Side Up  
Feel it from the inside  
Hot side out  
When you're on the downslide  
Round and round  
Down and out  
Don't tell me that's what you're all about  
Right Side Up  
Feel it in your heartbeat  
Don't back down  
Walking down the right street  
Don't be afraid  
Of prayin to love  
Hot side out, or Right side up  
Once you get straight, you're headed in the right direction  
You can see it clearly for the first time  
Think you finally got the right side up  
Oh things are looking up  
I was headed down the road to nowhere  
There's only one direction you can turn, only love can take  
you  
Love can take you  
Love can take you there  
(Right Side Up)  
Feel it from the inside  
(Hot side out)  
When you're on the downslide  
Round and round  
Down and out  
Don't tell me that's what you're all about  
Right Side Up

Feel it in your heartbeat  
Don't back down  
Walking down the right street  
Don't be afraid  
Of prayin to love  
Hot side out, or Right side up  
Oh right side up  
(Feel it in your heartbeat)  
Right side up  
(Walking down the right street)  
Right side up  
Oh right side up  
Right side up  
Right side up  
Right side up  
Right side up  
Right side up  
Right side up
