

My Kind of Man

Vance Joy

1. Don't walk to proud, don't talk to loud
And make it up, as you go
And take whatever you are given
And leave what you think you know, at the door

R1: And she said,
You could be my kind of man
And will you do the best you can?

2. And I could use a little time
I know to straighten out my mind
And I'm gonna break on, break on through
And I close my eyes and think of you

R1: What you said...

R2: Find a thing that you love
Find a thing you understand
Find a thing that you love
Find a thing you understaaa-aaa-and

Oooh...

Oooh...

*: You could be my, you could be my,
You could be my kind of man
You could be my, you could be my,
You might be my kind of man

R2: Find a thing...
