

## In You: I Believe

Vanden Plas

Come close my eyes cry my tears in a dream I don't dream  
Make me the wine out of water we tainted with blood and hate again

Is it you that I'm searching  
Is it you that we burn  
Are you blight in the water  
When we flow into the tide

In you: I believe  
In you: I trust  
In you: I believe  
In you: I'm lost  
Come hold me

Come into my drain  
Down to the source where unspoken charades meant to disappear again  
Let your tears be my water  
Let your blood be my wine  
Let your fear be my brother

I'm not on  
I'm your side  
In you: I believe  
In you: I trust  
In you: I believe  
In you: I'm lost
