

Alibi

Vandenberg

Something's rotten, things got outta hand
Too far gone, someone's gonna understand
She controls my mind, makes me do things I don't want to
She's the dangerous kind, there was nothing I could do
I'm standing all this playing games, but this time she pushed me too far

Oh-oh, the damage is done

Now that there is nowhere to run, need an alibi

Now that there is nowhere to run, need an alibi

She's the one to blame, she's got my soul

I just can't seem to leave her alone

Far too late, I found out what you were up to

As if hypnotized, I played criminal to please you

And totally paralyzed, now there's nothing I can do

I don't want to live like this, but now it seems there ain't no way back

Oh-oh, I'm caught in a trap

She knows just what to do to turn me on, she makes me do whatever she wants

She knows just what to do to turn me on, she makes me do whatever she wants
