

# Ready For You

Vandenberg

See the spotlights turning red.  
We got the fever in our head.  
Is it loud enough for you ?  
We gonna rock the whole night through.

Let the music touch you soul.  
When the time is right , just let it go.  
We're going down tonight.  
Are you feeling higher ?

Ready for you.  
We're gonna rock this place tonight ,  
Do you feel the time is right.  
Ready for you.  
We're gonna rock this place tonight ,  
Do you feel the time is right.  
Right.

Yes the guys are back in town.  
Let's just burn the whole place down.  
Feel the thunder move the ground.  
Yes! there's no band like this around !

Let the music touch you soul.  
When the time is right , just let it go.  
We're going down tonight.  
Are you feeling higher ?

Ready for you.

Do you feel the time is right.
