

# Time Will Tell

Vandenberg

You read in the papers that it's all a mess  
That life isn't what it used to be  
They say that we all have to get used to less, recession strike  
s society  
all the same  
It's just a game

Time will tell if we are in trouble  
Time will tell, won't you tell me what's new  
Time will tell, I ain't gonna worry - nothing stops me from fee  
lin' good

Endless discussions on the radio, about the way we have to go  
The politicians tell us what to do, I think it's all a boring s  
how, oh  
all the same  
It's just a game

Time will tell if we are in trouble  
Time will tell, won't you tell me what's new  
Time will tell, are we in trouble? Time will tell, tell me what  
's new  
Time will tell, are we in trouble?  
Time will tell, won't you tell me what's new
