

Time Will Tell

Vandenberg

You read in the papers that it's all a mess
That life isn't what it used to be
They say that we all have to get used to less, recession strike
s society
all the same
It's just a game

Time will tell if we are in trouble
Time will tell, won't you tell me what's new
Time will tell, I ain't gonna worry - nothing stops me from fee
lin' good

Endless discussions on the radio, about the way we have to go
The politicians tell us what to do, I think it's all a boring s
how, oh
all the same
It's just a game

Time will tell if we are in trouble
Time will tell, won't you tell me what's new
Time will tell, are we in trouble? Time will tell, tell me what
's new
Time will tell, are we in trouble?
Time will tell, won't you tell me what's new
