Follow Me

Vanessa Amorosi

So you're looking for answers, And they're selling your choices In the confort of your own tv And the magazine covers, They made you discover Beauty is all that you need

It's just a mean game Nothing but a mean game Nothing but lies Try to make you be things Tell you how to see things Why do you try

If you're down on your money Down on your luck If you get pushed over you can get Yourself back up I said Down on respect And down on belief If you're sick of what they say Then come and follow me

Ooh ooh, follow me Ooh, ooh, follow me

So you're man on a mission Who makes the decisions To follow someone else's advice Cause deep down inside You don't know what's Wrong from right There's only so much Money can buy

Ooh ooh, follow me Ooh ooh, follow me Why don't you follow me down

Ooh ooh, follow me Ooh ooh, follow me
