Hazardous

Vanessa Amorosi

My feet move without me All roads lead me back to you Lights flash red to yellow I can't control these things I do Yeah I know I should leave Yeah I know this is wrong But I don't care I don't wanna be that strong Like poison that I just have to taste Like an ocean that sweeps me away Something's this good has to be Has to be Hazardous Oh oh oh Hazardous Has to be Hazardous Oh oh oh Hazardous My heart it knows better You pushed the dagger way to deep into me This weak strange addiction It's what I want not what I need What I need So what do you do? When your falling face first And you know your gunna like the way that it hurts Like poison that I just have to taste Like an ocean that sweeps me away Something's this good has to be Has to be Hazardous Oh oh oh Hazardous Has to be Hazardous Oh oh oh Hazardous When your next to me I can't hardly breathe Or touch the ground Oh my life would be much easier without you, without you But I wouldn't change one single thing about you. Like poison that I just have to taste Like an ocean that sweeps me away Something's this good has to be Has to be Hazardous Oh oh oh Hazardous Has to be Hazardous

Oh oh oh Hazardous
