## **Kiss Your Mama!**

## Vanessa Amorosi

Stand up Like you mama said You can be a mouse or You can be a man I don't have the time for A little boy like you Respect just ain't a word It's something that you do You need to prove She's everything She's a goddess and a queen bee Show your loving boy and you'll be king Come on! Kiss your mama Give me everything I'm waiting for Kiss your mama Show respect Go and unlock the door Kiss you mama baby That's what I'm praying for You'll be mine When I see you act like a man Nah nah nah nah nah nah I know you can Nah nah nah nah nah nah Be a man Nah nah nah nah nah nah So tell who your mama now? I'll break it down so You can understand I'm independent But I want a man If you think I'm uptight Baby think again Maybe time to grow up Stop acting like a kid Oh what the problem Can't a woman be a woman, and a man be gentleman? [CHORUS] Kiss your mama Give me everything I'm waiting for Kiss your mama Show respect Go and unlock the door Kiss you mama baby That's what I'm praying for You'll be mine

When I see you act like a man

Nah nah nah nah nah nah nah I know you can Nah nah nah nah nah nah nah Be a man Nah nah nah nah nah nah nah So tell who's your mama now?
