

Sleep with That

Vanessa Amorosi

She's not so sweet
Looks kind of cheap
She's got that orange tan,
bleached blonde hair,
I can't believe that
You'd even go there
why didn't, didn't I see this before

She can't be alone
I should have known
By the way she hangs off you
The looks you shared
And what they would lead to
And now you're, now you're knocking on my door
How could you think that I'd forgive and forget

You had no problem sleeping with the enemy
Oh no it's too bad
You've made your bed so lie in it
get off your knees
You'll never get me back
Sleep with that

And all you can say
It was a mistake
You don't know how her clothes fell off
It's not your fault
You couldn't make her stop
why didn't, didn't I see this before
You're no great catch
So I'll through you back
Your guilty face, your attitude
are two more things I'd be happy to lose
and now you're, now you're knocking on my door
what kind of fool do you take me for, you're a bore

You had no problem sleeping with the enemy
Oh no it's too bad
You've made your bed so lie in it
get off your knees
You'll never get me back
Sleep with that
Sleep with that

You lost the best thing that you ever had
And now you're gunna have to sleep with that
You made the decision for me aye
Now I can go out and act no all day

You have no problem sleeping with the enemy
Oh no it's too bad
You've made your bed so lie in it
get off your knees
You'll never get me back
Sleep with that
Sleep with that
