

Start It

Vanessa Amorosi

Everybody wants to play the sport to win the goals
Or maybe just to rule the world

Other just wanna pull you in to cash the win
Or maybe just to pick up a girl

And while we're there just runnin around
And pullin eachother down
I call it love

And every time you get in my face
Oh what friends we make
And baby that's how it's done

If you're an outsider
Come and join our fire
And get it started

[CHORUS]
Let's get it Started
Started
Started

You're gonna
Love it
Love it

Everybody wants to entertain the money made
Singin on your own damn stage
Most of all, some really suck
But that is luck
Talk about the name of the game

When you think you're really in
But half way out
Running with your pants down

Headin on the road
And god only knows
What you're gonna do now

Am I an outsider?
Can I join your fire?
To get it started

[CHORUS]
Let's get it Started
Started
Started

You're gonna
Love it
Love it

[BRIDGE]
[CHANT:]
Why are we waiting

Slowly dehydrating

I you're an outsider
Come and join the fire

[CHORUS]
Let's get it Started
Started
