

# Where The Streets Have No Name

Vanessa Carlton

I want to run  
I want to hide  
I want to tear down the walls  
That hold me inside  
I want to reach out  
And touch the flame  
Where the streets have no name

I want to feel, sunlight on my face  
I see that dust cloud disappear without a trace  
I want to take shelter from the poison rain  
Where the streets have no name

Where the streets have no name  
Where the streets have no name  
We're still building  
Then burning down love, burning down love  
And when I go there  
I go there with you...  
It's all I can do

The cities a flood  
And our love it turns to rust  
We're beaten and blown by the wind  
We're trampled in dust  
I'll show you a place  
High on a desert plain  
Where the streets have no name

Where the streets have no name  
Where the streets have no name  
Still building  
Then burning down love  
We're burning down love  
And when I go there  
I go there with you  
It's all I can do
