Vanessa Hudgens

Can't you feel my heart sex
Heart stop beating
Can't you feel my heart sex
Heart stop
Can't you feel my heart sex
Heart stop beating
Can't you feel my heart sex
Heart stop beating

50 in his pocket
Condom in his wallet
He's not gonna sleep tonight
Pictures tell a story
Everybody's lonely
Waiting till the time is right

Pretty pretty packages
All in a row (row)
Sugarsnap, firecrack
Tied up in a bow (bow)
Please don't tell me something I already know
Cuz I heard it all
Heard it all, heard it all
Before

Stop being so clever
You can do much better
We won't be alone tonight

Can't you feel my heart sex
Heart stop beating
Can't you feel my heart sex
Heart stop beating
Can't you feel my heart sex
Heart stop beating
No need it pull it out
Cuz we're not competing

You say forever and ever
You think you're so fucking clever
You think you're so fucking clever
Don't mistake my kindness for weakness
I got something to show you
But you just can't see it

Downtown baby
Downtown don't let it go
Sweet sweet baby
Sweet sweet don't let it go
Don't let it go

Can't you feel my heart sex
Can't you feel my heart sex
Can't you feel my
Can't you feel my
Can't you feel my heart sex
Can't you feel my

Can't you feel my
Can't you feel my heart
