

# Last Night

Vanessa Hudgens

All I want is to be a part of your weekend  
All I need is a little bit of your time  
Baby, I'm your girl and I need some attention  
When you ignore me I just lose my mind

I ain't gon' bug about you going out last night  
Though, baby I know that I'm the only one in your side  
But please don't tell me nothin'

I don't wanna know what you did last night  
I don't wanna hear that you had a good time  
I don't wanna know if it was all real or a lie

I don't wanna feel like I had to be there  
I don't wanna know about the other girls there  
I just wanna know when you're around you're mine

I don't think that I'm being obsessive  
I don't think that I'm being out of line  
You got your space and I get to be selfish  
You get yours baby and I get mine

I'm doing just fine as long as we see eye to eye  
You with me?  
And no no, ain't nothing wrong with going out  
And having a good time, I don't wanna know nothin'?

I don't wanna know what you did last night  
I don't wanna hear that you had a good time  
I don't wanna know if it was all real or a lie

I don't wanna feel like I had to be there  
I don't wanna know about the other girls there  
I just wanna know when you're around you're mine

I can only picture you out meeting someone new  
Baby got my mind goin' wild  
I know your love is true, but what's a girl to do  
All I need is a sign

'Cause I get jealous, oh baby I get jealous, oh so jealous  
Don't mess me up with whatever is down

I don't wanna know what you did last night  
I don't wanna hear that you had a good time  
I don't wanna know if it was all real or a lie

I don't wanna feel like I had to be there  
I don't wanna know about the other girls there  
I just wanna know when you're around you're mine
