

# Let Go

Vanessa Hudgens

The day's been long  
I just got home  
And work is driving me crazy  
I could do up  
I could go out  
But I'm feelin too lazy  
I wanna run  
I wanna have fun  
But I don't wanna work it  
All I wanna do is go and kick it with my crew tonight

All I wanna do is let go tonight  
I'm feelin right  
I just wanna forget about it  
All I wanna do is let go tonight  
Wind it up  
Without my getup  
All I wanna do is get down tonight  
Move around tonight  
Don't really care about it  
All I wanna do is let go tonight  
I'm feeling free  
Tonight is just for me

I count on you  
You're coming too  
Yeah I'm hopin you feel it  
Cuz at my best  
And at my worst  
Yeah you've already seen it  
Let down your hair  
The hell who cares  
Gonna let it all out  
All I wanna do is go and kick it with my crew tonight

All I wanna do is let go tonight  
I'm feelin right  
I just wanna forget about it  
All I wanna do is let go tonight  
Wind it up  
Without my getup  
All I wanna do is get down tonight  
Move around tonight  
Don't really care about it  
All I wanna do is let go tonight  
I'm feeling free  
Tonight is just for me

High heels just feels  
Like a business stance  
Make it hard to dance  
Tight shirt, short skirt  
Just hurt, Too much work  
A fake up of make up  
Never handled the wet  
Cuz I wanna sweat  
All I wanna do is kick it with my crew tonight

All I wanna do is let go tonight  
I'm feelin right  
I just wanna forget about it  
All I wanna do is let go tonight  
Wind it up  
Without my getup  
All I wanna do is get down tonight  
Move around tonight  
Don't really care about it  
All I wanna do is kick it with my crew tonight

All I wanna do is let go tonight  
I'm feelin right  
I just wanna forget about it  
All I wanna do is let go tonight  
Wind it up  
Without my getup  
All I wanna do is get down tonight  
Move around tonight  
Don't really care about it  
All I wanna do is let go tonight  
I'm feeling free  
Tonight is just for me
