

# Let's Dance

Vanessa Hudgens

Dance!  
It's so hot  
I can't stop  
The music fills the room  
Vibrations  
Sensations  
That beat goes boom boom boom  
I've got to keep it together  
I've got to keep it together  
I've got to keep it together  
Watch the crazy people dance

Let's dance (let's dance)  
Show me (show me)  
Hold me (hold me)  
Control me (yeah)  
Let's dance (right now)  
Take me (take me)  
Shake me (shake me)  
Make me (make me)

Let's dance  
Just like that  
Don't hold back  
Get crazy on the floor  
We'll have fun  
All day long  
And then we'll still want more  
I've got to keep it together  
I've got to keep it together  
I've got to keep it together  
Watch the crazy people dance

Let's dance (let's dance)  
Show me (show me)  
Hold me (hold me)  
Control me (yeah)(yeah)  
Let's dance (right now)  
Take me (take me)  
Shake me (shake me)  
Make me (make me)

Look in my eyes  
You'll realize  
We can't deny  
I'm into you and you're so into me  
And you know you can't fight what is meant to be

Let's dance (let's dance)  
Show me (show me)  
Hold me (hold me)  
Control me (yeah)  
Let's dance (right now)  
Take me (take me)  
Shake me (shake me)  
Make me (make me)
