

## Rather Be With You

Vanessa Hudgens

He sends a friend  
To ask me if I'm interested  
I see you coming my way with a smile  
You say He's the guy, you caught his eye  
But he's afraid to come over he's a little shy so,  
Why don't you come talk for a while?  
But I see your smile baby  
The messenger my take the prize  
And you see the look in my eyes

I'd rather be with you, baby  
You know what you're doing to me  
You're the one, the only one  
That sets it all on fire  
Yeah you, baby  
(and I can see you want to be with me)  
Yeah you know what I'm saying is true  
I'd rather be with you

It's you and me  
But then you call him over  
And your buddy makes three  
I know you're just trying to do right  
A glance, a touch  
Try not to stare just a little too much  
Baby, it's impossible to fight  
Best of intentions  
Do you really wanna give me away  
I'll take this moment to say

And tell your friend  
that I'm not really interested  
There is nothing more that you can do
