

# Set It Off

Vanessa Hudgens

You got your G's  
No mystery  
You're steaming on me  
Yea boy you're steaming on me  
Uh Oh  
I know you're fly  
I'm what I got  
Swat team on me  
You're like a swat team on me  
Uh, OH

Now girls like me don't come that easy  
My insecurities got you in for it now  
Uh, Oh  
Now bend over like Houdini  
And there's no key  
You gotta pick the lock

Come into my world and  
Trigger my alarm and  
I better alert you  
Set it off  
Come into my world and  
Trigger my alarm and  
I better alert you  
Set it off

(set it off)  
You got it now  
You space me out  
You're like a blue print on me  
Your planting your property  
I'm playing to win  
I've zeroed in  
You're locked in my sight  
In for a vision at night

And now clearance is require  
Is required  
If you wanna get with me  
Ain't no mistake I'm higher  
Come higher  
I'm a treasury

Come into my world and  
Trigger my alarm and  
I better alert you  
Set it off  
Come into my world and  
Trigger my alarm and  
I better alert you  
Set it off

(set it off)  
Uh, oh, oh  
Uh, oh, oh  
Just like everyday

We stay together  
Don't look back today  
Uh, oh, oh  
Well come on let's run away

Come into my world and  
Trigger my alarm and  
I better alert you  
Set it off  
Come into my world and  
Trigger my alarm and  
I better alert you  
Set it off

Come into my world and  
Trigger my alarm and  
I better alert you  
Set it off  
Come into my world and  
Trigger my alarm and  
I better alert you  
Set it off
