

Darlin' I

Vanessa Williams

I realize that now our love is past
Tried so hard to make it last
Feelings are far gone
They seem to fade away
But yet I can hear him say
We did try, tried our best
To make it through those times
Let's stop, don't go any further
'Cause I need some time

Darlin' I know you never meant to make me cry
I never understood your reasons why
And darlin' I know you never meant to make me cry
These lonely nights without you
I guess it's goodbye

And I never thought that I would hear you say
I should go on my own way
Tell me, can't you see the changes
That you put me through
I wonder if you really knew
How much I tried my best to make it
Through those times
But you said stop, don't go any further
'Cause I need more time
Oh, baby and

Darlin' I know you never meant to make me cry
I never understood your reasons why
And darlin' I know you never meant to make me cry
These lonely nights without you
I guess it's goodbye (Goodbye)

Darlin' I know you never meant to make me cry
I never understood your reasons why
And darlin' I know you never meant to make me cry
These lonely nights without you
I guess it's goodbye (Goodbye)
