

Gracious Good Shepherd

Vanessa Williams

Gracious good shepherd
Do you really know who I am?
Gracious good shepherd
Will you answer when I call your name?

Gracious good shepherd
You can hear confusion crying out
Gracious good shepherd
What little faith I have I am ashamed

I visualize an angel
All freezing and bitter cold
I cannot believe the love there
What heavenly sacrifice

Gracious good shepherd
If you hear me now, I love you so
Gracious good shepherd
Why for me?

Gracious good shepherd
You say you love the lost born
Gracious good shepherd
I believe that one is me

Some tell me the virgin birth is
A beautiful ancient tale
But you tell me Gods constellation
Led all to the living well

Gracious good shepherd
If you hear me now, I love you so
Gracious good shepherd
Why, why for me?

Gracious good shepherd
Do you really know who I am?
Gracious good shepherd
Will you answer when I call your name?

Gracious good shepherd
These are different times, I'm sure you see
Gracious good shepherd
We need, you now
