

Security

Vanessa Williams

Sometimes it's hard
When I don't know where you're going
Or where you've been
I got a broken heart
Surely, if you let me know you care for me
My heart will mend

Darling, I can't wait forever
You've got to let me know or let me go (let me go)
All I'm saying is
You can't keep playing with
A heart that loves you so

Security
That's what we need, to keep our love strong
Security
Don't make me wait to long
Security
You gotta let me know if this is what you want
Security
Don't keep me hanging on

I'm sure you know
If you take the time to think about it, you will realize
Honey, now not too long ago
I used to play around but that's all over
You're my only guy

Re-evaluate this situation
Better check out your priorities
You've got to get it straight
No hesitation
If what you want is me

Security
That's what we need, to keep our love strong
Security
Don't make me wait to long
Security
You gotta let me know if this is what you want
Security
Don't keep me hanging on

Security
That's what we need, to keep our love strong
Security
Don't make me wait to long
Security
You gotta let me know if this is what you want
Security
Don't keep me hanging on

Darling, I can't wait forever
You've got to let me know - or let me go (let me go)
All I'm saying is
You can't keep playing with
A heart that loves you so
