

# Security

Vanessa Williams

Sometimes it's hard  
When I don't know where you're going  
Or where you've been  
I got a broken heart  
Surely, if you let me know you care for me  
My heart will mend

Darling, I can't wait forever  
You've got to let me know or let me go (let me go)  
All I'm saying is  
You can't keep playing with  
A heart that loves you so

Security  
That's what we need, to keep our love strong  
Security  
Don't make me wait to long  
Security  
You gotta let me know if this is what you want  
Security  
Don't keep me hanging on

I'm sure you know  
If you take the time to think about it, you will realize  
Honey, now not too long ago  
I used to play around but that's all over  
You're my only guy

Re-evaluate this situation  
Better check out your priorities  
You've got to get it straight  
No hesitation  
If what you want is me

Security  
That's what we need, to keep our love strong  
Security  
Don't make me wait to long  
Security  
You gotta let me know if this is what you want  
Security  
Don't keep me hanging on

Security  
That's what we need, to keep our love strong  
Security  
Don't make me wait to long  
Security  
You gotta let me know if this is what you want  
Security  
Don't keep me hanging on

Darling, I can't wait forever  
You've got to let me know - or let me go (let me go)  
All I'm saying is  
You can't keep playing with  
A heart that loves you so
