

Who Were You Thinkin' 'Bout?

Vanessa Williams

Who were you thinkin' bout
Who were you thinkin' about
Who were you thinkin' bout

Were you thinkin' bout me, baby
The first time she touched you hand?
Were you thinkin' bout me, baby
Did you forget you were my man
Were you thinking of me when you removed your ring?
Or did you just think I would not think anything?

Who were you thinkin' about? Who were you thinkin' about?
Who were you thinkin' bout? Who were you thinkin' about?
Who were you thinkin' bout? Who were you thinkin' about?

Were you thinkin' bout me, baby?
Each time you kissed her lips?
Were you thinkin' bout me, baby?
When your hands were on her hips?
Were you thinkin' bout me did she do it like I do?
Did you ever think of anyone but you now?

Who were you thinkin' bout? Who were you thinkin' about?
Who were you thinkin' bout? Who were you thinkin' about?
Who were you thinkin' bout? Who were you thinkin' about?

Were you thinking I would understand?
And that I was a fool, and that I would never suspect
You were doing wrong?
And tell me did you feel bad? Did it feel good?
Did it feel like you thought it would?
And I would never know?
What you were thinking?

Sure weren't thinkin' bout me

You were thinkin' bout her, baby
You were thinkin' bout you, baby
You weren't thinkin' bout me

Who were you thinkin' bout? Who were you thinkin' about?
Who were you thinkin' bout? Who were you thinkin' about?
Who were you thinkin' bout? Who were you thinkin' about?

Sure weren't thinkin' bout me
Sure weren't thinkin' bout me

Who were you thinkin' bout?
Sure weren't thinkin' bout me
Yeah, Sure weren't thinkin' bout me
I'm sure not thinkin' bout you
