

He-O

Vangelis

He-o he came walking down my street
He-o and he stopped in front of my door
He-o and he knocked on the door a long while
He-o then he turned and he walked away
He-o then he turned and he walked away
He-o and he never came back again
He-o I wasn't at home that day
He-o and I never found out that he came

He-o he came walking down my street
He-o and he stopped in front of my door
He-o and he knocked on the door a long while
He-o then he turned and he walked away
He-o then he turned and he walked away
He-o and he never came back again
He-o I wasn't at home that day
He-o and I never found out that he came
