

Paradise

Vanilla Fudge

Paradise is the love that you feel in your heart
Paradise is a painter creating his art
Paradise is the warmth of a day in the sand
Paradise is the cool breeze in tropical lands

Paradise

I see things I wish my eyes could see
I hear sounds of great tranquility
There's a better life a better time

Paradise The sensation from something you love
Paradise is the world you been dreaming of
Paradise is the feeling of being aware
Paradise is the finding of peace everywhere

Theres a place that I would rather go
I will find it and someday I'll know
of this gentle life this perfect time
