

# Life Is a Fantasy

Vanilla Ice

Oh, yeah, oh, yeah, oh yeah  
Oh, yeah, oh, yeah, oh yeah  
Oh, yeah, oh, yeah, oh, yeah

In my dreams I vision myself at the ocean  
Beautiful girls rubbin' me down with some lotion  
Even though you know I flow as cold as an ice cube  
Let me tell you how it is to make love on an inner tube

Floatin' on water while splashin' waves on your body  
Flowin' and goin', now pump it, pump it, hottie  
See, I wanna get loose with you, is that all right?  
Girl, I wanna' do it outside, under the moonlight

And get on down so we can make that love  
You be the hand and iceman'll be the glove  
This is your fantasy, your highest dream  
Fulfillin' all your pleasures to the utmost extreme

Oh yeah, oh yeah, oh yeah  
Life is just a fantasy  
Oh yeah, oh yeah, oh yeah  
Life is just a fantasy

Now, let me take you out so we can wine and dine  
As I pull you close you pull your lips next to mine  
Oh yeah, you like it like that  
You like it like I do and that's where it's at

So later on that night as we got in my car  
It started up again we didn't get very far  
You made it very clear that you were not in fear  
Leaned over to me and started kissin' my ear

Oh girl, you feel so good  
You couldn't wait to get home and I understood  
As we got busy, then I pulled up in the driveway  
You said follow me 'cause we're gonna do it my way

Walked in the front door you startin' strippin' clothes  
Turned off the lights and assumed the pose  
Closer and closer, hot anticipation  
You walked into the closet, came out in some lace 'nd

I almost lost my mind, but I kept it in tact  
The lace you was wearin' ohh, I got an attack  
'Cause this is your fantasy, your highest dream  
Fulfillin' all your pleasures to the utmost extreme

Oh yeah, oh yeah, oh yeah  
Life is just a fantasy  
Oh yeah, oh yeah, oh yeah  
Life is just a fantasy

Come on, baby and let me be your toy  
I'll let you do as you wish just to give you joy  
And get down, I know you wanna' get loose

Let's do it like a train and I'll be the caboose

Or better yet, I'll take you higher, I think that it's time  
To make love to you, baby on cloud number nine  
As we start pumpin', sweat pours down my chest  
And that's when you know Vanilla Ice is the best

You say ooh, ah, ooh, ooh, ah  
I don't know what it means but I like it a lot  
This is your fantasy, your highest dream  
Fulfillin' all your pleasures to the utmost extreme

Oh yeah, oh yeah, oh yeah  
Life is just a fantasy  
Oh yeah, oh yeah, oh yeah  
Life is just a fantasy

Oh girl, oh, yeah  
Life is just a fantasy  
Oh girl, oh, yeah  
Life is just a fantasy

Oh girl, oh, yeah  
Life is just a fantasy  
Oh girl, oh, yeah  
Life is just a fantasy  
Life is just a fantasy  
Life is just a fantasy

Oh yeah, oh yeah, oh yeah  
Life is just a fantasy  
Oh yeah, oh yeah, oh yeah  
Life is just a fantasy
