

# Don't You Realize

Vanilla Ninja

Don't you realize  
Don't you understand  
It's the final cut  
It's the bitter end  
Don't you realize  
We have reached the edge  
Don't you see the cold  
In my eyes

Baby don't tell me we'll stay friends  
Love never gets a second chance  
Split hearts never mend -  
Don't call again

Baby don't send me "come back" - mails  
I'm so fed up with fairy tales  
The message is clear  
Keep outta here

Don't you realize  
Don't you understand  
It's the final cut  
It's the bitter end  
Don't you realize  
We have reached the edge  
Don't you see the cold  
In my eyes

Don't you realize  
Uoo-oo-oo-ooo

Baby don't sell me dreams again  
Cos I'm so sick of all of them  
I've learned the hard way  
They won't come true

Baby don't say you've changed your mind  
Cos I've left everything behind  
That made me love you  
Baby I'm through

Don't you realize  
Don't you understand  
It's the final cut  
It's the bitter end  
Don't you realize  
We have reached the edge  
Don't you see the cold  
In my eyes

Don't you realize  
Uoo-oo-oo-ooo

Tell me why you tried to cheat  
Now you're in a dead end street  
Baby you can never beat  
You fate - tonight

Don't you realize  
Don't you understand  
It's the final cut  
It's the bitter end  
Don't you realize  
We have reached the edge  
Don't you see the cold  
In my eyes

Don't you realize

Don't you realize  
Don't you understand  
It's the final cut  
It's the bitter end  
Don't you realize  
We have reached the edge  
Don't you see the cold  
In my eyes

Don't you realize  
Uoo-oo-oo-ooo
