

Heartless

Vanilla Ninja

Oh uh oh oh...

Tell me that you're in love with me
Tell me that I'm you're destiny
Won't harm you
I gotta want you
Oh uh oh oh
You're touching my face so sweet and tender
Whatever you do
I won't surrender
Take me
But you can't break me
Beware of me baby

Oh, heartless
You take my by gardens of darkness
But contract with love inspire
Feelings of spot by desire
You can break my heart, baby
Oh, heartless
But heaven on earth
It is starless
Are you still dance on a power
And under my feet there is fire
Climbing higher and higher oh oh oh

Oh oh oh oh oh...

That's why I don't believe in words
I had to experience how it hurts
To struggle
It mind me trouble
Oh uh oh oh
So baby it's just okay to kiss you
But don't ever think
My heart will miss you
Believe me
I just deceive it
Beware of me baby

Oh, heartless
You take my by gardens of darkness
But contract with love inspire
Feelings of spot by desire
You can break my heart, baby
Oh, heartless
But heaven on earth
It is starless
Are you still dance on a power
And under my feet there is fire
Climbing higher and higher oh oh oh

Oh oh oh oh oh...

My heaven on earth
It is starless
And under my feet there is fire

Climbing higher and higher

Oh, heartless

You take my by gardens of darkness

But contract with love inspire

Feelings of spot by desire

You can break my heart, baby

Oh, heartless

But heaven on earth

It is starless

Are you still dance on a power

And under my feet there is fire

Climbing higher and higher oh oh oh

Oh oh oh oh oh...
