Vanilla Ninja

Yeah my skin is a dangerous place  
Never trust my smiling face  
With a touch I can change all your dreams  
And my kiss can wake  
Feelings you can't take

Oh baby babe don't go too fast  
Feel the rhythm of my heart  
Don't you go for everything  
I'm not a puppet on a string  
Baby babe don't go too fast  
Play it cool and make it last  
Baby let your feelings flow  
Just take it easy - get it slow  
Love can be so beautiful

Destination nowhere land  
Let us find a place where heartaches end  
It's good to hold you tight  
Just make me surrender  
Come on in and find out baby  
We got time and hope and dreams enough  
So don't you hurry love

Oh baby babe don't go too fast  
Love can be so beautiful  
Feel the rhythm of my heart

Love can be so cruel  
When the light of hope is gone  
I know cos I felt it before  
In the desert of fear  
I can hear this old song  
Of a love that won't live anymore

When the indians cry  
And the eagles die  
Cos the winds of change blow again  
Then I'll know that you  
Turned the world into blue  
And my tears will fall like the rain

Tears have turned to ice  
As a sacrifice  
Broken voices rise  
From the age of the ice  
To the raging skies  
And they exorcise  
'Cos on judgement day  
We must hide - we must fight - we must pray - we must fight - hey  
It's a blue tattoo  
It's a blue ...

So keep on kickin'  
The bomb is tickin'  
Don't stop-don't be a runaway  
Go for the fire

Baby are you tough enough  
Just keep on livin'  
And don't start givin'  
The devil good reasons  
To get you in the seasons of heartbreak  
Baby are you tough enough  
Baby are you tough enough  
Baby are you tough enough
