

# Never Falling Star

Vanilla Sky

Do you remember of that Saturday?  
When all the things we felt were gone away

So I've tried to erase all the  
Memories you left  
Living these times faster  
Than I can

And I want you to know that

You're my never falling star and  
You're my world and everything  
I had

So here I stand in front of you today  
I hoped so many days to find you on my way

I thought I'd never lost you  
Maybe was just a dream  
Everyone knows life's a  
Trouble thing

And I want you to know that

You're my never falling star and  
You're my world my everything and  
You're my never falling star and  
You're my dreams and everything  
I want

And I wish that you were there  
Waiting for me again  
And calling me your "sweet tattle" as you used

But you won't ever be there  
and never wait for me  
This is my life so please  
Don't worry

I just want you to know that

You're my never falling star and  
You're my world my everything and  
You're my never falling star and  
You're my dreams and everything
