

## Dead Language

Vanna

As her insides screaming, let me out  
She speaks as if someone's in the room with her  
(Someone sits quietly on the ceiling tile)  
Still facing the corner with eyes gouged out  
These tears of blood fall, for blood is all she's crying now

Her heart beats on  
She's just not, giving up yet  
Though blinded by the devil's touch  
She rises above him

(She rises above)

She races towards the light  
Her heart beats on  
(She stares death straight in the face, her heart beats on)  
These tears of blood fall, for blood is all she's crying now

As he cuts into her chest  
Her heart beats on  
She's just not giving up yet  
Though blinded by the devil's touch  
She rises above him  
(Rise above)  
She floats towards the light  
{as} the darkness recedes  
(Let me out, let me live again)  
In this most desperate hour (she cries)  
This desperate hour...

In this crowded room  
In this crowded room  
In this crowded room  
With an empty view  
In this crowded room

Save your goodbyes, cause we all know it's not the end  
Save your goodbyes, cause we all know it's not the end  
Save your goodbyes, cause we all know it's not the end  
Save your goodbyes, cause we all know it's not the end
