## **Beyond the Grave**

I Can See Peace In Your Eyes, I Can See Will In Your Eyes, For A Last Act of Life I Can See Sacrifice In Your Look (Of A Soul Once I Livd Pierced Times).

Recollections, Frea, Wait, Values, Ideals And Thoughts For Another Life, A Life Beyond The Grave. I Look At Your Cold Stare As If You Forgot To Tell Me As If The Sign And The Beginning For The New Life Will Be This.

I Perceive Light, Perhaps Voices Too, I Perceive Bodies, Perhaps Souls Too, I Perceive Pain, Perhaps Pleasure Too, I Perceive Darkness, Perhaps Hatred Too, I Perceive Truth, Perhaps An Illusion I Want To See, I Must See!!!

Like A Gallery From Which You Escape Forever Like A Tunnel You reach The End Like A Journey You Don't Know What You Will Meet In The End But You'll Always Wish, Hope For Peace !!!

Come Then In Our Gathering Tonight Oh, You! Hurt Soul, Come With Us, In The Well of Souls, Come With Us, At The Port of Our Bodies Come With Us, At A Celebration A Strange Celebration of Unexpected Pain !!!

Come To Our Recollections of An Everlasting Life of A Continuing Illusion By Which, We Eternally Pine And Melt Until We Find You In A Great Feast In The Secret Enjoyment Beyond The Grave!!! Come, Then, With Us !!!
