

Lord Of Illusions

Varathron

(There are) two worlds of magic
One is the glittering domain
Of the illusionist.
(the) other is a secret place
Where apocryphal magic
Is a terrifying reality!

Now the time is coming I pay for all my sins
This is an unspeakable dream I try to find myself
Through the gates of a new salvation
When I can only sense the end is here!
How can we travel when our souls are lost
How can we dream when our thoughts are empty!
I try to find myself through the gates of
A new salvation when I can only sense
The end is... near!!!!

Your soul is fighting among two worlds
Power and illusion reality and sorrow!
Here men have power the power of demons
And death itself is an evil- illusion!

Lord of illusions!!! Lord of illusions!!!!
Lord of illusions!!! Lord of illusions!!!!
