## **Boared to tears**

**Varius Manx** 

Sun outside What will I do today with time? It's the face Which looks the way it's looked before I can play The game I played the other day So I'm here And everything seems to be clear I don't know Why you keep smiling When I can kill time I just wanna be satisfied With everything I do And always be a happy child And never be depressed A can't help feeling I'm tired With everything I do I can read The book I read the other day Wath TV with the same guy on the screen Go for a walk But I don't care much for the weather I'm so sad I wanna fall asleep at once
