

Lesson Of Flying

Varius Manx

Close your eyes free your mind
try to fill in your hobby
stop to walk stop to talk
let your soul leave your body

You don't need to hold the breath
just forget about everything
trust me now
give me hand and follow me

Though god didn't
give us
even one of the wing
i will teach you to fly
i'll teach you how to be free

Something is wrong with the world
it's so hard to be happy
every way is a form of maze
everyone it's going crazy
if you can't find yourself
in a vicious circle
trust me now give me hand
and follow me

Though god didn't give us
even one of the wing
i will teach you to fly
i'll teach you how to be free
no, no, no

Stop to walk stop to talk
let your soul leave your body
trust me now
give me hand and follow me...
