Flash flash, snap snap  
Flash flash, snap snap  
There's no doubt about it  
I hit the streets, they're watching me  
If the scene is crowded  
They know that's where I'm gonna be  
What's the deal with the shouting  
It's almost like they're stalking me  
Sneaking down an alley  
Why can't you get away from me

I don't know just what you saying 'bout me  
I don't care, 'cause you don't even know me

Gotta watch my back, back  
When I hear the snap, snap  
Running from the flash, flash  
The paparazzi, they think they caught me  
Doing bad, bad  
I ain't down with that that  
Stunnas with the hat, hat  
Save me from the flash flash, snap snap

Flash flash, snap snap  
Flash flash, snap snap

Stop it, I wont have it  
The rumors keep on surfacing  
As you're looking at it  
In all your stupid magazines  
I can't do this no more  
You keep bad mouthing me  
Privacy is all I need  
Why can't you get way from me

I don't know just what you're saying 'bout me  
I don't care, 'cause you don't even know me

Gotta watch my back, back  
When I hear the snap, snap  
Running from the flash, flash  
The paparazzi, they think they  
Caught me doing bad, bad  
I ain't down with that that  
Stunnas with the hat, hat  
Save me from the flash flash, snap snap

Keep a distance from me  
You call me out on everything  
What you getting from it  
Your drama made so easily  
(I don't really 'cause you don't know me)  
Don't get up in my face  
When I try to walk away

(Flash flash, snap snap)  
When the flash goes

(Flash flash, snap snap)  
When the flash goes  
When the flash goes  
Yeahhh

Gotta watch my back, back  
When I hear the snap, snap  
Running from the flash, flash  
The paparazzi, they think they caught me  
Doing bad, bad  
I ain't down with that that  
Stunnas with the hat, hat  
Save me from the flash flash, snap snap

Gotta watch my back, back  
When I hear the snap, snap  
Running from the flash, flash  
The paparazzi, they think they  
Caught me doing bad, bad  
I ain't down with that that  
Stunnas with the hat, hat  
Save me from the flash flash snap snap

Ohhh  
Flash flash, snap snap  
Flash flash, snap snap
