

# Future Love

Varsity Fanclub

[Verse 1]

A couple of years  
And I'm gonna know your name  
It's like I waited for ya forever  
And I know this might sound insane  
But it wont be long  
'Til we're gonna take this up  
I'm talking about our future love

You're so far away  
Maybe you're right next door  
Got me picturing your face again  
Something worth waiting for  
I put all the others behind me  
They don't live up  
I know what I want  
What I need to the T

[Chorus]

Baby if they asked me  
I would say I don't even know ur name  
And if they asked me  
Does it change?  
No, it don't change a thing  
Cuz there's something about the way you'll love me  
There's just something about the way you'll know me  
That I cant explain enough  
There's just something about our  
future love [3x]  
There's just something about our  
future love [3x]

[Verse 2]

Walking hand in hand  
Going for a second date  
I can picture what you're wearing  
And a kiss I can almost taste  
The thought of all the ways we'll meet for the very first time  
I can see the place, feel the love..  
First sight

[Chorus]

[Bridge]

Oh no  
The minute you pull up next to me  
We standing there like destiny  
When it feels like you're fighting  
just to breathe that's when you know  
The minute I pull up next to you  
Suddenly I don't know what to do  
Everything inside you says that I'm the one

[Chorus]
