Guitar, Guitar [x3]

[Jayk:]

If we hit every note,  
This love could be something we wrote.  
If it could be, be a hit song  
Instead of flying solo without my guitar.

[Bobby:]

And I'm feeling out of tune now  
Baby, I'm off track.  
And I think I need your melody,  
'Cause I can't get mine back.

[All:]

There's only one girl, one girl  
Who can play all the strings of my heart  
Like a guitar.  
And you are my world, my world  
You can feel the beat of my heart.  
Just like a guitar.

[David:]

Like a guitar, baby.  
Just like a guitar, baby.  
Like a guitar, baby.  
Like a guitar, tar, tar, tar...

[Drew:]

If I'm moving to slow,  
Baby, please speed up my tempo.  
Got you stuck, stuck in my head.  
You're on rotation, playing over again.

[TC:]

And I'm feeling out of tune now,  
Baby, I'm off track.  
Can you loan me your melody?  
'Cause I can't get mine back  
(No, I can't get it back!)

[All:]

There's only one girl, one girl  
Who can play all the strings of my heart  
Like a guitar.  
And you are my world, my world  
You can feel the beat of my heart.  
Just like a guitar.

[David:]

And you've written all the verses  
(With you, with you)  
And you sing me like a chorus  
(All the way through)  
There ain't nothing like your song to me  
I love the way your working all my strings  
And I only let you play my.....

Guitar.

Your the only one I call my guitar, my guitar.

[All:]

There's only one girl, one girl

Who can play all the strings of my heart

Like a guitar.

And you are my world, my world

You can feel the beat of my heart.

Just like a guitar. [X2]

My guitar, my guitar-tar.

Like a guitar. (Woah-oh)
