

Set Me Off

Varsity Fanclub

Oh, oh, oh, oh, oh, oh...

T.C.:

I see you dancin' in the streets, yeah
You and your girls are cranking up the car stereo
You sure know how to cause a scene, yeah
You throw it down like it's you on the radio

David:

What's your name?
What's your age?
You bring it o-o-on like you are on stage
Raise your stakes
Twist of fate
It's an emergency
Somebody take me away

Jayk:

Burnin' up, burnin' up
Burnin' up right now
Burnin' up, burnin' up for your love
Burnin' up, burnin' up
Burnin' up right now
Right now, right now

Chorus:

Baby, you set me off
You, you set me off
You, you set me on fire like nobody else does
You, you, you, you set me off
Baby, you set me off
You set me on fire like nobody else does
Oh, oh, oh, oh, oh, oh, oh, oh, oh
Like nobody else does
Baby, you set me off
You, you, you set me off
You set me on fire, fire, fire

Drew:

The sound is ringin' in my ear, yeah
Chaotic rhythm's got my head sp-sp-spinnin'
It's been like this since you came near, yeah
Can't keep up-up 'cause my emotions are winnin'

Jayk:

What's your game?
Can I play?
Who's keeping score-score-score now-now-nowadays?
Feel the heat
Feel the flames
It's an emergency
Somebody take me away
Burnin' up, burnin' up
Burnin' up right now
Burnin' up, burnin' up for your love
Burnin' up, burnin' up
Burnin' up right now

Right now, right now

Chorus:

T.C.:

It's burnin' (it's burnin')

It's burnin' (it's burnin')

It's burnin'

You set me on fire

It's burnin' (it's burnin')

It's burnin' (it's burnin')

It's burnin'

You set me on fire

Drew:

Yo! I'm burnin' up

I ain't gettin' no love

Look at you

Shawty I'm like 'What?'

Lookin' so fine

Lookin' like one

I wanna give you love and serenade you all night

I know you down

If you wanna play around

Girl you're settin' me off, girl you're settin' me on fire

Chorus:

Oh, oh, oh, you set me off

Oh, oh, oh, you set me off
