## Varsity Fanclub

[Verse 1]

You ain't going nowhere long as he's the driver  
You can ride with him but he'll never be the same  
One look at ya tells me that you wanna be taken higher  
See the problem is you wish he could make you feel the way I do

[Pre Hook]

Why waste time when you know I got it  
C'mon girl you know you want it  
You know it's impossible to get what you're looking for  
From him he can't do it  
Like me I'm goin' prove it I got a question can you help me out

[Hook]

How many people can do it like me ZERO  
Keep it so cool like me ZERO  
Girl you know there ain't nobody nobody  
Else that can make it so hot like me ZERO  
Take it to the top like me ZERO  
Girl you know there ain't nobody nobody ZERO

[Verse 2]

It ain't a good look without me in your corner  
You can rock with him but he'll never fill my space  
One look at him tells me that he ain't the right one for you  
I don't understand why you settle being here in second place

[Pre Hook]

Why waste time when you know I got it  
C'mon girl you know you want it  
You know it's impossible to get what you're looking for  
From him he can't do it  
Like me I'm goin' prove it I got a question can you help me out

Keep it so cool like me ZERO  
Girl you know there ain't nobody nobody  
Else that can make it so hot like me ZERO

Girl you know there ain't nobody nobody ZERO

[Bridge]

There's only one guy that can make you feel right that's me, myself and I  
So why even try to make it work  
With him only you know I'm the original

[Hook]

How many people can do it like me ZERO  
Keep it so cool like me ZERO  
Girl you know there ain't nobody nobody  
Else that can make it so hot like me ZERO  
Take it to the top like me ZERO  
Girl you know there ain't nobody nobody ZERO

[Hook]

How many people can do it like me ZERO
