

Find My Heart Again

Vashti Bunyan

Ever since you said goodbye
I haven't known what to do
'Cause I haven't wanted to try
To find myself someone new
'Cause I just want to be with you
How can I give myself to somebody else yet
So I'll just stay alone
Until I get over you and the love we knew
And I find my heart again

I know it wouldn't be fair
To love someone new
'Cause I'd only want you to be there
And make believe he was you
'Cause I just want to be with you
How can I give myself to somebody else yet
So I'll just stay alone
Until I get over you and the love we knew
And I find my heart again
