

## Find My Heart Again

Vashti Bunyan

Ever since you said goodbye  
I haven't known what to do  
'Cause I haven't wanted to try  
To find myself someone new  
'Cause I just want to be with you  
How can I give myself to somebody else yet  
So I'll just stay alone  
Until I get over you and the love we knew  
And I find my heart again

I know it wouldn't be fair  
To love someone new  
'Cause I'd only want you to be there  
And make believe he was you  
'Cause I just want to be with you  
How can I give myself to somebody else yet  
So I'll just stay alone  
Until I get over you and the love we knew  
And I find my heart again
