

## If I Were

Vashti Bunyan

If I were to go away  
Would you follow me /to ends of the earth  
To show me what /Your love is worth  
Or would you go and buy a car  
Shrug your shoulders /Say there you are  
She didn't love me /anyway  
If she had /she would have stayed

If I were to go away  
Would I always look /for your beautiful face  
In every crowd /every place  
Or would I go/and buy a hat  
Turn my shoulders /say that is that  
He didn't love me /now its clear  
If he had /he would be here
