

## Lily Pond

Vashti Bunyan

In a lily pond I lay  
All upon a summer's day  
Then I chased a dragonfly  
All across an ancient sky  
Falling with a thousand stars down the Milky Way to Mars  
Back again in time for day  
In a lily pond I lay

The only thing he said to me  
Was: "Young lady, I love thee"

In a lily pond I lay  
All upon a summer's day  
Then I chased a dragonfly  
All across an ancient sky  
Falling with a thousand stars down the Milky Way to Mars  
Back again in time for day  
In a lily pond I lay
